1. Which of the following applies to your situation?

- ☐ The proposed rail line is near my home.
- ☐ The proposed rail line is near my business
- ☐ The proposed rail line crosses my property

☒ Other, please specify

My parents (Cloris Boehme's) are the owners of the land where the proposed quarry will reside.

2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions?

In my research of Vulcan Ind. and other ~~quarries~~ quarries I have found that they do not have ~~any~~ negative impact & work to improve the area. They do not shrink the budget when it comes to environmental improvements. I believe moving the rock out ~~the way~~ by rail is much better than by truck.

3. Please use this space for additional comments or suggestions.

The money that is being paid to the county for Taxes will be a huge boost & will also create many jobs.

I think it is a big win for Medina County. If this was not a positive for the Medina County & Castroville Area our family would not go through with this. My parents & the family love this area & there is no money that could be paid to us if we felt this would ~~hurt~~ negatively impact the county.

Thank you for your comments.
